Leading the way in previously owned print equipment

For two decades White Horse Machinery has been the undisputed worldwide market leader in supplying offset used printing equipment.

We are the largest supplier in Europe and one of the largest in the world who has successfully supplied machines to more than 80 countries around the globe.

Delivering excellence across the globe.

Our unrivalled international reputation is due to three vital factors;

- Our influential purchasing power in the UK and across Europe
- The expertise of our highly trained engineers
- Our attentive multilingual sales and customer service staff

We offer full turnkey solutions including:

- Needs Assessment
- Inspection of Machines
- Print Tests
- Cleaning
- Refurbishment
- Installation
- Dismantling
- Port to port logistics and transportation

Reaching new heights
through quality and value.

We pride ourselves in supplying only the very best previously owned print equipment.

We can deliver every machine refurbished to the same exacting, guaranteed standards - ensuring every single piece of equipment leaves our warehouse in "as new" condition.

High quality doesn't mean high prices. In fact, we sell our equipment at a fraction of the cost of a new machine, allowing our clients to take advantage of higher specification presses and the ability to generate a quicker return on their capital investment.

Compared to many brokers, we own our stock and do not pass on any hidden fees. You deal directly with White Horse Machinery.

Offering you total
peace of mind.

White Horse Machinery is strongly committed to providing excellent service to its customers. Finding machine parts couldn't be easier! We offer a wide range of parts and rollers available for Heidelberg, Man Roland, Komori and Mitsubishi machines for very good prices. Simply send us the details of your machine and the part numbers.

For more information please email: parts@whitehorsemachinery.co.uk or you can send us an enquiry from our 'contact us' page and we will be in touch.

Seeing is believing
